

OPEN STAGE 17

Sunday 6/9/2026, 14:30–15:30

Unknown/Lesser-Known Schools and In-Demand Specialties in Higher Education

Which academic departments hide the strongest "passports" to the job market of the future? Four experts decode specialized academic fields—from Materials Science and Cultural Technology to Supply Chain Logistics Management. Discover the schools outside the "traditional" university-entrance-exam choices that offer immediate professional placement, high salaries, and a strong competitive edge.

Highlights:

- Lesser-known university-entrance-exam options
- Connecting specialized studies with the modern job market
- Practical career guidance tips

Speakers: S. Agathopoulos (Prof./Head, Dept. of Materials Sci. & Eng., Uni. of Ioannina), C. Kalloniatis (Prof., Uni. of the Aegean), D. Aidonis (Dean School of Economics and Business Administration, IHU), C. Taousanis (PhD, Sci. Director, EMPLOY EDU)
